Studybugs

Cognus
No Limits on Learning

Sutton

Promoting Collaboration Across Council Services

Studybugs has become an invaluable tool for Cognus Limited[1], significantly enhancing the council's ability to support children and families by **improving collaboration across their services for children**.

[1] Cognus Limited is a Local Area Traded Company delivering education services for the London Borough of Sutton (LBS).

ATTENDANCE & INCLUSION

Teams have access to live pupil attendance information, student enrolment status, suspensions and exclusions, enabling effective planning and statutory compliance.

SAFEGUARDING & MASH

Staff can review attendance and suspension issues to gain a holistic picture of a child and family. The ability to identify where a child is on roll and check whether a child is in school, right now.

SEND SUPPORT

Staff have access to live reports to track data for all children with special educational needs and disabilities (SEND), including indicators such as social worker involvement, FSM etc.

VIRTUAL SCHOOL

VS staff have a strategic overview for CIN/CP, as well as attendance for all CWSW and CLA, to allocate resources and enable early intervention.

Helen Gasparelli
Head of Inclusion, Cognus

75+ staff members across Cognus Limited and LBS use Studybugs to improve efficiency in their roles.

Studybugs is a unique, live online platform that enables **all responsible parties** – local authorities, schools, academy trusts, NHS, police forces and parents – to work together closely to **keep children happy, healthy and in school**.

Our offering for local authorities enables LA staff to find and share knowledge, plan interventions and log actions – to ensure children's safeguarding, monitor and improve physical and mental health, raise school attendance, and **achieve the best possible educational outcomes**.
